

FOR IMMEDIATE RELEASE:

iSkin's New solo for iPhone 3G Delivers Slim-fitting Protection for a High-Gloss Fashion Makeover

TORONTO, Canada, Sept. 3, 2008 (SEND2PRESS NEWSWIRE) -- iSkin Inc. today introduced its new solo bodyguard for iPhone 3G: a sleek and stylish protector that echoes the iPhone 3G's beauty in a slim, fashionable package. Featuring a stunning high-gloss finish accented with subtle curves, the solo perfectly encapsulates the iPhone 3G and delivers protection against impact, scratches, dirt, dust, and everyday hazards.

*(Photo Caption: New iSkin solo bodyguard for iPhone 3G.)

This protection and design is complemented by a touch compatible clear protective screen film to guard against scratches, integrated volume and power button protection, unobstructed access to all ports and controls, and a non-slip grip surface that helps keep the iPhone 3G and users well connected while on the go. And the solo's slim-fitting design easily slides into a pocket, purse, or any other compact space.

Offered in four high-gloss color finishes: Puma (opaque black), Baron (translucent red), NightCrawler (translucent blue) and Angel (opaque white), the solo is designed to give owners the flexibility of a color makeover for their iPhone 3G. In addition, its slim, sleek profile complements today's high-fashion look with added sophistication.

The iSkin solo for iPhone 3G is available today at <http://www.iSkin.com> for \$29.99 (USD) and will be available at authorized iSkin resellers in the coming weeks.

For additional solo or solo+revoClip for solo ("duet") information, contact Kristian Ward, iSkin Marketing Manager at marketing@iSkin.com, or visit www.iSkin.com.
